

Curriculum Vitae

Name: Fayek Salah Mohamed ElKhwsky , male, married

Citizenship Egyptian - **Passport # A14477906**

Languages: Arabic (MT), Fluent in English and Satisfactory in Italian, French and Farsi

Current Jobs:

1-Professor, Bioinformatics and Medical Informatics , Medical Research Institute, Alexandria University, Egypt.(2008-Now)

2-Professor Public Health, Faculty of Medicine, Garyounis, Benghazi and Al-Arab Medical University, Lybia (2008-2014)

3-WHO temporary advisor in STI programs - EMRO(Nov.2007-now)

Previous Jobs:

1-Dean Institute for Training and Research in Reproductive Health,EFPA,(2004-2005)

2-A.Prof of Family,Community Medicine, KingSaudUniversity, Riyadh (**1996-99**)

3-Statistical Consultant , Prince Salman Center for Disability Research , (**1999-2000**)

Addresses :

(Work): 165, Al Horria Avenue, Alexandria, **(Home)**397 Al Horria Avenue

Phone : **(Work) :**+203-421-5455

Mobile:(Egypt)+2-100-6627954- 0101742146.(Lybia) +218-918849779

E-mail:felkhwsky@alexu.edu.eg, felkhwsky@hotmail.com

Web page:<http://www.gfmer.ch/SRH-Course-2011/participants/Elkhwsky-Fayek.htm>

Theses :

1. Statistical Study of skin cancer in Alexandria 1994(Ph.D.)
2. Atherosclerosis in patients with Schistosomiasis in Egypt 1990 (MSc.D).

Qualifications :

1. Ph. D. Public Health (Biostatistics), December 1994
2. M. Sc. Public Health (Biostatistics),1990(High Institute of Public Health).
3. M. B. B. Ch. Very good with Honour, November 1980.(AlexandriaUniversity)

Awards and Honors:

- 1- Certificate of Achievement for Excellence ,Service and Honor from University California, IrvineUSA, (October-December, 2004).
- 2- Certificate of Appreciation and Gratitude from the Ministry of Health and **UNFPA** for valuable activities in conducting and supervising Seven Workshops in Reproductive Health for Religious Leaders (2004)

• Professional Experience:

1. Master trainer in the FLDP (10 Rounds for lecturers and assistant professors from medical and paramedical colleges about research project designs and management, 2005)
2. Assisant professor of **Biostatistics**, KingSaudUniversity Oct., 1996 -1999
3. Assistant professor of **Biostatistics**from 1995,Medical Research Institute,
4. Lecturer, **Biostatistics**1990-1984, Medical Research Institute, AlexandriaUniversity
5. Demonsterator, **Biostatistics**1984-1982
6. Medical research Fellow,1983-1982 &Resident Doctor(Suez CanalUniversity),

Computer Experience:

SPSS, SYSTAT , Stat pack Gold, GLIM, EPI-info, IPI, Excel, EGRET, HPG, CanReg, Reflex, Minitab, STATISTICA, GRAPHER, SIGMA Plot and FOOD PROCESSOR and have capaibility of transferring data between various types of statistical packages ,

Training Courses :I attended

1-Pathology of biobanking as a faculty member(Cairo –IARC-2017)

2- **Biobanking and Precision Medicine-** Qatar University March 2017-10-31

3- Basics of Biobanking on the Nile Cairo 2016

4- Several training courses in The University California Irvine (October-December, 2004):

1. General and Genetic Epidemiology

2. Cancer registration and quality control of data

5-Uses of Epi Info 6.04 and IPI in epidemiological studies (Italy,CMT, 23-29 /9/ 1996.)

6- Modern approaches to the Epidemiology and control of Infectious disease(STD).

(Sept 2-26), 1996, Oxford University)

7-European Epidemiological Summer Course for Cancer Epidemiology, at *residential*

(Florence, Italy ., 21 June-9 July ,1993)

8-Design, analysis, interpretation of Medical Researches(Arizona Un, USA - /10/1994).

1- Consulting Experiences in Reproductive Health training:

- The job of dean involved overall management and supervision of the work of the institute .

Provide consultation to national centers in the field of family planning , population and reproductive health"

^{857C}

1. Management of family planning programs.

2. Project planning, setting up and implementation.

3. Curriculum Development in reproductive health

4. Integrating AIDS Education.

5. Training of Trainers TOT.

6. Sexual Health Education Training.

7. Screening for Cancers in collaboration with university institutes

8. STD prevention , diagnosis and treatment

9. Infertility risk factors and Infertility Management

I have been nominated as WHO Temporary Advisor and I participated in the regional meeting in Morocco 2007 to design the intercountry STI control strategy guidelines .

In the second meeting of EMNOSTIC 7-9 July 2008 we were going to conduct a capacity analysis of the network and discuss the future plan of activities.

I actively shared in Lecturing and training of the participants in the Institute of research and training of reproductive health in Alexandria.

2-Curriculum Development

I prepared 3 training curricula and submitted them to (United Nations Fund for Population Activities) UNFPA-CAIRO-2004 that adopted them for training :

- 1. Peer educators,**
- 2. Service providers**
- 3. and Parents programs**

included: communication and presentation skills as well as detailed information about reproductive health and life activities :

3-Lecturing and statistical consultant in the regular workshops of the Egyptian Society of Infertility ٢٠٠٢ and discussing postgraduate research proposals.

4-Chair person of the first Workshop for 25 postgraduate Staff training in Faculty of physical Sports ,Alexandria University,2002

5-Co-ordinator and chair person:

1. The 1st WORKSHOP ON RESEARCH METHODOLOGY; design, conduct and analysis- 3-5 October 1998, at King Khalid University Hospital. It was attended by 30 participants.
2. A Workshop on evidence based Nursing for the staff , Faculty of Nursing, Egyptian universities , attended by 30 members for 2 days with practical applications (2/2007)

6-Facilitator

The first symposium about Health Indicators in Saudi Arabia-organized MOH –WHO.1998

7-Lecturer

Intensive Course in Research methodology Family physicians in DALLA hospital,Riyadh,1998

8-Statistical Consultant in National Research Projects :

I was in charge of the National Project of Childhood Disability in Saudi Arabia, 1999-02,

I was in charge of designing of the work plan, assessor of quality control of data about 60,000 **subjects of the** main survey and was responsible for application of Capture recapture analysis to determine the actual prevalence and Cluster analysis. **500 pages final report.**

9-Lecturing and sharing in the activity of Riyadh Primary Health Care Club about studies on cancer in the Kingdom with discussion about design and network of research.

10.Lecturing teaching biomedical statistics for **undergrads in Pharos University Alexandria and Postgrads in Faculty of Pharmacy Damanhour University from 2016)**

11-Teaching activities, I organized and shared in activities of:

- 1- Handling or Research data using SPSS in the Medical Technology Center 2016
2. Three workshops on evidence based Nursing Practice for the staff from Faculties of Nursing in Egypt (1-2007 as organizer and Two workshops as a speaker 4-2007)
3. Workshops on evidence based medicine for the staff from Egyptian Universities (2000-2007)
4. Computer Application and programming for postgraduate students, Faculty of Nursing , Alexandria University, 2001-2003.
5. Research Methodology (Design, Conduct and Interpretation) Postgraduate staff Faculty of Sports, Alexandria University 2001-2002
6. Biostatistics, undergraduate students , Faculty of Physical Sports Alex. Un. 2002.
7. Biostatistics and Epidemiology (Post graduates, FETP, Saudi Arabia, 1996-1999)
9. **Member in the Field Epidemiology Training Program (FETP) committee:**
In collaboration with the ministry of health in Riyadh, over a period of 3 years I have been in charge of lecturing on Biostatistics and research methodology, revising and evaluating the research reports submitted by the students besides and a complete supervision of the study of **STDs among MARP** in KSA

Memberships :

1. Eastern Mediterranean Network of Sexually Transmitted Infection Control EMNOSTIC (2007_
2. Geneva Foundation for Medical Education and Research(GFMER) is a non-governmental, non-profit and non-partisan organization to support countries of the region in assessing and responding to the challenge posed by Sexually Transmitted Infections.
3. Member Hospital Infection Control Committee-Medical research Institute-Alexandria University:

4. Arab Federation of Evidence Based Medicine (AFEEM) Riyadh KSA- 2008.

International Fellowships:

1-Visiting Scientist Fellowship from the National Institute of Cancer, USA to visit University of California Irvine and I participated in the ongoing researches:2005

A- Gen-environment interaction in Cancer Prostate

B- California Teachers Study (Screening of Cancer Programs)

C- The National Quality of Life Survey, and

D-Breast Cancer Family Registry Study

2.Postdoctoral Research fellowship from the (UICC) International Cancer Research Technology Transfer (ICRETT) to analyse data of a research project about hepatocellular carcinoma in Egypt at and attend course about new modeling in Epidemiology, statistics department, Oxford University, UK.(1996).

UICC–GENEVA is one of the largest fighting cancer organization worldwide

3.Visiting Scientist, Mario Negri Institute of pharmacological Research, Milan, Italy **(1992-1993)**, I shared in many activities within the **two years**: Cancer Epidemiology, Statistics , Bioinformatics, Genetic and Pharmacoepidemiology.

The fellowship included visiting IARC-WHO (International Association Against Cancer) in Lyon-France

(IARC is one of the largest cancer fighting organization worldwide,

Subsequently, I initiated the courses and degree of pharmacoepidemiology in the Medical Research Institute-Alexandria there are now 12 postgraduate students starting to study pharmacoepidemiology and pharmacovigilance.

Participation in International Books, ISBN (960-233-048-1)

I wrote 3 chapters in the book of the European School of Oncology conference for control of Cancer in the Europe, the Balkans and Middle East (**Athens, 29-30/11/1997**)

1. Risk factors for Bladder Cancer in Alexandria, Egypt.
2. Viral Risk factors for Liver Cancer in the Nile Delta Region, Egypt.
3. Alexandria Cancer Registry : A 25 years experience of a hospital based cancer Registry from a developing Country”

SUPERVISION OF THE POST GRADUATE STUDENT THESES

1. Risk Factors for Delinquency and interventional program to improve the present situation, (**Faculty of Medicine, Alexandria University, M.Sc. approved, 4/2008**)
2. Risk Factors time series analysis and survival analysis head and neck tumors, Evaluation of their Quality of Life (**High Institute of Public Health, Ph.D. approved, 3/07/2006**)
3. Risk factors of Infertility and Probability of Conception in El-Shatby University Hospital (**High Institute of Public Health, M.Sc. finalized and approved, 2006**)
4. Abuse of Proton Pump inhibitor in ICU in Alexandria (Ongoing)
5. Drug Safety in Alexandria University Hospitals (Ongoing)
6. Meta analysis of using Selective antifungal drugs in ICU in Alexandria (Ongoing)

In Libya :I am currently supervising 7 Master theses:

1. Study the Quality Of Life in Breast Cancer Patients in Benghazi, Libya (**Finished-2010**)
2. Knowledge Attitude and Practice of Libyan Diabetic Patients. (**Approved-2011**)
3. Risk factors for Post partum hemorrhage in Jalla Hospital Benghazi, (**Finished-2012**)
4. Causes of changing of treatment in HIV patients in Benghazi (**In Progress**)
5. Risk factors for Breast Cancer in Benghazi, Libya (**Approved-2013**)
6. Risk factors for Gestational Diabetes in Benghazi, Libya (**Approved-2012**)
7. Epidemiology of Ovarian Cancer in Benghazi, Libya (**Ready for Presentation**)

Collaboration with departments in the Faculty of Medicine-Benghazi :

1. **Pathology, Pharmacology and Forensic:** providing statistical consultations & discussion of researches in screening and drug abuses.

SUPERVISION OF THE UNDER GRADUATE STUDENTS RESEARCHES

(A) Faculty of Medicine, Al Arab Medical University and Benghazi University , Libya. I have supervised more than 40 research conducted by Internists:

(B) Faculty of Medicine, King Saud University , Riyadh , Saudi Arabia, I have supervised more than 30 Research conducted by Internists:

My role as a supervisor included training of the students on :

- a) How to select the research topic, (Priority-setting Strategy)
- b) Search for references ,manual and electronic
- c) Writing and revising the protocol, and design of a questionnaire
- d) Defining the items of budget and how to write for grant,
- e) Interview the subjects; cases and controls and how to test for data reliability and consistency and finally statistical analysis
- f) How to write down the final report in a scientific way (introductions, aim, design, analysis , results , discussion and recommendation)

HOME SUPERVISOR OF POST GRADUATE ICRETT FELLOWSHIP CANDIDATES

one month fellowship from UICC To Mario Negri Institute and Milan University

Italy.2014-2017.

1. Dr Iman Elsayed (Background transfer into practice in Cancer
2. Dr Doaa Genena (Nutritional Control of Cancer in Alexandria Egypt
3. Dr Lubna Malek in Nutrition of Cancer patients, Oct 2014.
4. Dr Fatma Ben Khaial in Cancer Epidemiology, Dec.2014 .

Research Projects:

(1) Co investigator in the project (Screening of colorectal cancer in Rural area – faculty of Medicine, Alexandria University and Alabama University USA 2018-2019.

(2) Co investigator in the Project (Genetics of Breast Cancer , in Benghazi 2010 Funded by the National Association of Scientific Research, Libya 2010).

(3)The principal Investigator of the following studies in Egypt:

-**Syndromic Approach to STDs Management in Alexandria** , approved for funding by TDR_ EMRO, 2004(Code number SGOS_242)**finalized and approved 2006).**

Co-investigator in the following Research Projects , Saudi Arabia:

- 1-Double blind randomized clinical trial of evaluating the lactation augmentary effect of Metcolopramid in case of defective breast feeding in collaboration with biochemistry,pediatrics and gynecology departments, King Saud University King Khaled University Hospital , Riyadh,Saudi Arabia.,**funded by KACST**
- 2 Implications of Teenage pregnancy in Riyadh, Saudi Arabia (1998-Cohort Study) King Saud University King Khaled University Hospital , Riyadh,Saudi Arabia.**funded by KACST**
- 3- Clinical Epidemiology of Disability induced- Stroke in Riyadh, Saudi Arabia.(Accepted by Prince Sulman Center for Disability Research). **(funded by Prince Salman center for Disability research ,finalized and published in an International Journal 2001)**
- 3-Epidemiological study of Impact of Tropical Diseases on the Quality of Life of public. **(funded ,finalized and published in an International Journal 2001)**
