October 2009 – Present Medical Research Institute (Alexandria University) Alexandria-Egypt

Clinical and administrative duties include planning of laboratory upgrade, management of staff, provide leadership to lab staff, and ensure effective communication between the laboratory and the clinical staff. Also involved in quality and educational programs

LECTURER OF CLINICAL PATHOLOGY

2002 to 2007 National Cancer Institute(Cairo University) Cairo- Egypt

Teaching and supervise assistant lecturer, residents, house officers and medical students.
B.M aspiration , B.M biopsy and molecular studies

ASSISTANT LECTURER OF CLINICAL PATHOLOGY

1997 to 2002 National Cancer Institute Cairo- Egypt

Assistant lecturer responsible for education, clinical supervision of students and residents, active participation in both clinical and research work as well as working in Ph.D. degree of Clinical Pathology and Oncological Laboratory Medicine (successfully defended my Ph.D. thesis titled: The expression of BCL-2 and Bax Proteins in some lymphoproliferative malignant disorders.

RESIDENT OF CLINICAL PATHOLOGY

March 1994 to March, 1997 National Cancer Institute Cairo- Egypt

Three years of post graduate training in the field of clinical pathology (Hematology, Clinical Chemistry, Microbiology, Virology, Molecular biology, Immunology and Blood Bank). Participated in almost every procedure performed in the department, including peripheral blood sampling, Bone marrow sampling, blood bank procedures “cross matching, antibody screening and identification etc”, immunofluorescent , *immunocytochemistry*, *immunodiffusion* ,PCR, Western blotting technique. clinical chemistry and hormones). During this period I received the master degree in Clinical and Chemical Pathology . My master Degree, Essay was titled Humoral immune status in hepatocellular carcinoma.

INTERNSHIP

March, 1993 to February, 1994 Cairo University Hospital Cairo- Egypt

Two months rounds in Internal Medicine, Pediatrics, Ob/Gyn, Surgery and Clinical Pathology. One month elective in Anesthesia, and Emergency.

EDUCATION

Nov. 2001 National Cancer Institute Department of Clinical Pathology
MD of Clinical Pathology and Oncological Laboratory Medicine (PhD-equivalent)

Nov 1996 Cairo University Hospital Department of Clinical Pathology
M.Sc of Clinical and Chemical Pathology
Master degree of Clinical and Chemical Pathology (signed up Very Good)

Dec. 1992 Cairo University School of Medicine Cairo, Egypt
MBBCh
Bachelor Degree of Medicine and Surgery (signed up Excellent with Honors)

CERTIFICATION AND LICENSURE

March 1994
Unrestricted license to practice medicine in Egypt

9-A Study on the antimicrobial activity of body fluids and discharges in acute leukemias

Khaled Aboul-Enein, M.Redha Hamza, Mohamed B addini, Nevene Wissa, Shams Ismail. Sonya Arsanyos ans Shereen EL-Maghraby. Published in 2002.in Egyptian Journal of Laboratory medicine. 14(2)

10-Cellular and humoral immunity in infants, children and adults and the effect of hemopoietic malignancy.

Khaled Aboul-Enein , Shereen EL-Maghraby, Gehan Abd-EL-Wahab, Mona EL-Raziky and

Sameh Shalaby. Published in 2003 in Egyptian Journal of hematology .28(4)

11-Blood –stream infections caused by Acinetobacter species in Egyptian Pediatric Cancer patients :Clinical and MICROBIOLOGIC Characteristics and Antimicrobial Susceptibility.

Hadir EL-Mahallawy, Sheren EL-Maghraby, Hala Youssef and Hany Hussein. Published in 2003 in EJMM. 12(1)

12-Cerebrospinal Fluid neopterin and tumor necrosis factor-alpha as markers of leukemic CNS invasion

Mostafa Aboul-Enein, Gehan Abd-EL_Wahab, Shereen EL_Maghraby, Ghada EL_Sayed and hisham Shams. Published in 2004 in in Egyptian Journal of hematology .29(1)

13-Serum IL-8 level as a novel parameter in acute myeloid leukemia: correlation with TNF_alpha and karyotyping

Basma EL gamal, Nahla Abd-Latif , Gehan Abd-El Wahab, Shereen El-Maghraby and Heba Raslan. Published in 2005 in Egyptian Journal of hematology .30(4)

14-Interleukin-8 and Vascular endothelial growth factor serum levels in patients with hepatocellular carcinoma and their relation to hepatitis C infection.

Shereen M. EL-Maghraby*, M.D ; Samar A. Zaki, M.D: Abeer Khairy**, M.D; Manar M. Mounir ***,M.D and Gamal M. Abd-EL Moniem * M.D. Published in August 2007**

15- FLT3: A Target Therapy in Egyptian Acute Myelogenous leukemia

Nayera H. El-Shakankiry, M.D. Shereen M. El-Maghraby, M.D., Ghada M El-Sayed, M.D.,³Manar M Moneer, MD. Accepted in 2007, Egyptian journal of hematology.

PROFESSIONAL MEMBERSHIPS

- Egyptian Society of Hematology
-

other experiences:

-Experience in teaching

-Attending many conferences and lastly share as a speaker in the congress of the international Society of Hematology held on October . 2009.

-Taking TOEFL, teaching courses, computer course .Quality control and statistical course .

-Working as hematologist for International Masr Hospital LAB , Cairo for five years as a private work. Now working in Egyptian British hospital ,Madina Lab ,in Alexandria as hematology consultant.since one and half year..

COMPUTER SKILLS:

- Microsoft Word.
- Microsoft Excel.
- Microsoft PowerPoint.

LANGUAGES:

- ARABIC : Native Language.
- ENGLISH: Fluent(Reading, Writing, and Speaking)
