Experiences:

Head physiology department from 1/8/1990 to 31/7/1993

from 1/8/2002 to 31/7/2005

Member of permanent promotion for professor for 2 periods :

from 1/8/2002 to 31/7/2005

From 1/8/2005 to 31/7/2008

Others:

Teach courses in molecular biology concerning normal function in hormone physiology

1-Defence against infection

2-Oxidative stress

3-Aging

4-Prohibitin

5- Metabolic benefit of exercise training
