

Diploma Degree in Breast Imaging

1718600 – Department of Radiodiagnosis

Admission Requirements: -Candidates allowed for registration are post-graduate medical students who finished specialization in Radiodiagnosis including:- Diploma , Master, MD, and Egyptian Membership in Radiodiagnosis.

Core courses (24 Cr): 1718601,1718602,1714620,1719620, 1710620, 1718603, 1718604, 1718605, 1718606

Elective courses (6Cr): 1718607, 1718608, 1718609, 1718610

(Core courses (24 Cr)

Code	Name	Hours/week		
		Theoretical	Practical	Total cr
1718601	-Radiological anatomy, Technique and Quality control in mammography	1	2	2
1718602	- Physics of imaging modalities	2	-	2
1714620	-Surgery of breast lesions.	2	-	2
1719620	-Oncological treatment of breast cancer	2	-	2
1710620	-Histoimmunopathology	2	-	2
1718603	-Breast imaging I (Benign lesions)	2	4	4
1718604	-Breast imaging II (Malignant lesions)	2	4	4
1718605	-Breast imaging III (Screening program for breast cancer)	1	2	2
1718606	-Breast imaging IV (Interpretation of breast images)	2	4	4
		16	16	24

Elective courses (6 Cr)

Code	Course			
1718607	Breast imaging V(Breast MRI)	2	2	3
1718608	Breast imaging VI(New imaging modalities of breast)	2	2	3
1718609	Breast imaging VII (Interventional techniques)	2	2	3
1718610	Breast Imaging VIII (Case presentations)	1	4	3
